

Item 21 – Resolution on the Board's proposal on a) reduction of the share capital by way of cancellation of own shares, b) increase of the share capital by way of bonus issue and c) reduction of the share capital by way of cancellation of own shares

a) Reduction of the share capital by way of cancellation of own shares

The Board proposes that the AGM resolves to reduce the share capital by way of cancellation of own shares. The purpose of the reduction is allocation to unrestricted equity to be used as resolved by the AGM in accordance with item b) below. The reduction of the share capital shall be made by cancellation of such own shares that are held by the Company three weeks prior to the AGM. The reduction of the share capital shall be made with a total of SEK 14 215 435 by way of cancellation of a total of 13 769 357 shares.

The resolution to reduce the share capital under this item a) may be effectuated without obtaining an authorization from the Swedish Companies Registration Office or, in disputed cases, a court of general jurisdiction, as the Company simultaneously effectuates a bonus issue, as set out under item b) below, with an amount corresponding to no less than the amount the share capital is being reduced with, as set out above. Combined, these measures entail that neither the Company's restricted equity nor its share capital is reduced.

b) Increase of the share capital by way of bonus issue

With the purpose of restoring the share capital after the proposed reduction of the share capital, as set out under item a) above, the Board proposes that the AGM simultaneously resolves to increase the share capital by way of a bonus issue with an amount corresponding to SEK 14 215 435, which equals the amount the share capital is reduced with by way of cancellation of shares, as set out under item a) above. No new shares shall be issued in connection with the bonus issue.

c) Reduction of the share capital by way of cancellation of own shares

The Board proposes that the AGM resolves to reduce the share capital by way of cancellation of own shares. The purpose of the reduction is allocation to unrestricted equity. The reduction of the share capital shall be made by cancellation of such own shares that are held by the Company at the date of the notification of the resolution to the Swedish Companies Registration Office. The reduction of the share capital shall be made with no more than SEK 21 333 788 by way of cancellation of no more than 19 287 402 shares. The reduction of the share capital is based on the highest quota value that the company's shares can have following the reduction and bonus issue, as set out under items a) and b) above.

Under the Swedish Companies Act, the resolution on reduction may only be effectuated following filing of the resolution with the Swedish Companies Registration Office and after authorization from the Swedish Companies Registration Office has been obtained. The Board shall submit the resolution for filing in the Companies Register within four months from the resolution on the reduction of the share capital.

Resolutions by the AGM in accordance with items 21 a)-b) above shall be adopted as a joint resolution. Resolutions in accordance with items 21 a)-c) require approval by shareholders representing no less than two thirds of the votes cast as well as the shares represented at the AGM. The Board further proposes that the AGM authorizes the Board to make such minor adjustments to the above resolutions as may be required to file the resolutions with the Swedish Companies Registration Office or Euroclear Sweden AB and to take such other measures required to execute the resolutions.
